

Tuesday, June 19

Chair: Vít Punčochář

9:30-10:30 **Samson Abramsky**
At the borders of paradox

10:30-11:00 **Levin Hornischer**
A logic of state spaces

coffee break

Chair: Ivo Pezlar

11:15-11:45 **Sergei Odintsov**
Twist structure semantics for Fisher Servi's
version of Belnapian modal logic

11:45-12:15 **Tomasz Polacik**
A characterization of classically archetypal
rules

12:15-12:45 **Serena Delli**
Are "combinatorial proofs" actually proofs?

lunch

Chair: Joan Bertran - San Millán

14:00-15:00 **Carles Noguera**
Logics of graded predicates
(tutorial, part 1)

coffee break

15:30-16:00 **Pavel Arazim**
Changing one's logic

16:00-16:30 **Constantin Brîncuş and Iulian Toader**
Categoricity and the elimination of
negation

coffee break

Chair: Tomasz Polacik

16:45-17:15 **Bruno Whittle**
Truth and generalized quantification

17:15-17:45 **Daichi Hayashi**
Faithful relative truth-definability and
a non-reductive account of type-free truth

19:00 **Open Air Beer Party**

Wednesday, June 20

Chair: Vladimír Svoboda

9:30-10:30 **Danielle Macbeth**
Ampliative deductive proof in mathematical
practice: Lessons from Kant and Frege

10:30-11:00 **Joan Bertran - San Millán**
Frege's adoption of the distinction between
concept and object

coffee break

Chair: Daniel Kaplan

11:15-11:45 **Martin Pleitz**
Dualism about generality

11:45-12:15 **Ansten Klev**
The name of the sinus function

12:15-12:45 **Ivo Pezlar**
Non-constructive procedural theory of
problems

lunch

Chair: Igor Sedlár

14:00-15:00 **Carles Noguera**
Logics of graded predicates
(tutorial, part 2)

coffee break

15:30-16:00 **Ivano Ciardelli**
Applying Kripke modalities to questions

16:00-16:30 **Dominik Klein and Frederik Van
De Putte**
Pointwise intersection in neighborhood
modal logic

coffee break

Chair: Fernando R. Velázquez-Quesada

16:45-17:15 **Anthia Solaki**
A dynamic epistemic logic for
resource-bounded agents

17:15-17:45 **Holger Andreas**
Prioritised remainder sets: A simple
approach to iterated belief base revision

19:30 **Tour of the Basilica**

Thursday, June 21

Chair: Ansten Klev

9:30-10:30 **Jaroslav Peregrin**
Logic as a (natural) science

10:30-11:00 **Jon Michael Dunn**
Logics as tools

coffee break

Chair: Dominik Klein

11:15-11:45 **Daniel Kaplan**
An inferential role semantics for
bilateralists

11:45-12:15 **Shuhei Shimamura**
A first-order sequent calculus for logical
inferentialists and expressivists

12:15-12:45 **Antonio Yuste-Ginel and Alfredo
Burrieza**
A justification logic for argument evaluation

lunch

14:00 **Departure for the trip**
19:30 **Banquet**

Friday, June 22

Chair: Martin Pleitz

9:30-10:30 **Francesco Berto**
The theory of topic-sensitive intentional
modals

10:30-11:00 **Claudia Fernández-Fernández and
Fernando R. Velázquez-Quesada**
A formal model for explicit knowledge as
awareness of plus awareness that

coffee break

Chair: Ivano Ciardelli

11:15-11:45 **Kaibo Xie**
Belief and causality in the epistemic
reading of counterfactuals

11:45-12:15 **Damian Szmuc**
Aboutness in non-classical theories

12:15-12:45 **Dominik Klein and Rasmus K. Rendsvig**
On Kripke models, metrics and dynamical
systems

lunch

14:00 **Departure for Prague**

LOGICA 2018
