

# CALL FOR PAPERS

The Czech Academy of Sciences, Institute of Philosophy, announces

## LOGICA 2022

the 35th in the series of annual international symposia devoted to logic,  
to be held at **The Premonstratensian Monastery of Teplá in West Bohemia**,  
on **11 September – 15 September 2022**.

Contributions devoted to any of the wide range of logical problems are welcome except those focused on specialized technical applications. Particularly welcome are contributions that cover issues interesting both for philosophically and mathematically oriented logicians.

### --INVITED SPEAKERS--

- Steve Awodey, Carnegie Mellon University
- Alena Vencovska, University of Manchester
- Yde Venema, University of Amsterdam

### --SPECIAL SESSION--

The conference program will include a Special session on logic and information. The invited speakers at the special session are

- Marta Bilkova, Czech Academy of Sciences
- Alessandra Palmigiano, VU Amsterdam
- Heinrich Wansing, Ruhr University Bochum

### --VENUE--

The venue has changed: In the first call for papers we announced that Logica 2022 was going to take place, as usual, in the Hejnice Monastery in Northern Bohemia. However, due to the humanitarian crisis caused by the Russian invasion of Ukraine, we had to change our plans. Hejnice monastery now provides a shelter to 80 Ukrainian refugees and it seems that this situation will not change in the following months.

The new venue is the Premonstratensian Monastery of Teplá in West Bohemia:

### --COVID-19 ARRANGEMENTS--

We intend to hold the conference live, but we are monitoring the situation closely.

--SUBMISSION AND IMPORTANT DATES--

If you are interested in presenting a paper at the symposium, please submit a two-page blinded abstract via EasyChair by 1 June 2022. The guidelines for submissions can be found at

<http://logika.flu.cas.cz/logica>

Notifications will be sent out in mid-July.
